

### Stony Plain Outdoor Pool Rental Information: 2022

Thank you for booking at the Stony Plain Outdoor Pool. We are excited to have you at our facility and we will do our best to accommodate your needs. If you have any questions or special requests, please ask our helpful pool staff.

Please review the following information prior to your rental time to ensure a safe and fun experience:

- All children 6 and under must be supervised by an adult (14 years or older) and within arm’s reach in the pool at all times. Up to three children 6 and under can be supervised by an adult. This rule is our policy during all rentals and public swims to ensure the safety of our patrons.
- **The rental fee \$125.00/hr includes the use of the Main Pool and Lifeguard supervision for 40 people. If you plan on having over 40, please email [spop@trileisure.com](mailto:spop@trileisure.com), an additional lifeguard fee of \$25.00/hr per 40 bodies.**
- The Wading Pool is accessible for your pool rental, however not exclusive as it is available for public use (as long as there are no mechanical problems). All individuals under the age of 7 must be supervised by an adult 14 years or older since the wading pool is not supervised by a Lifeguard. If the Wading Pool is not working, you will not receive a pool credit as the rental agreement is for the Main Pool only.
- You are welcome to use the grass area free of charge during or after your rental depending on staff availability. Please note you may be sharing this area with other rentals or public swimmers. We will be able to section off an area for your rental if you wish and request in advance.
- Eating is not permitted on the pool deck, however, patrons can eat on the grass area where we have provided picnic tables for your use. We also have a barbeque available to rent for \$25.00 per hour, please notify us in advance if you would like to add this to your rental.
- Patrons using the pool during a private function are allowed to bring pool toys (with the exception of water balloons) as long as the lifeguards do not see any hazardous behaviour.
