

Subsidized TransAlta Tri Leisure Centre Pass/Membership - Application Process & Guidelines

Description

The Wishing You Wellness Program facilitates community inclusion by removing barriers to access, where affordability for the recreation services offered at the Tri-leisure Centre falls outside the scope of a basic living wage. The WYW program helps to foster healthy community connections, resulting in a sense of belonging and the long-term physical and mental benefits of a health and wellness regime.

Guidelines

Subsidization is based on income verification, need, and the availability of foundation funds; there is no guarantee that all requests will be accommodated; access to funding is on a first come, first served basis.

- Subsidized access will be provided for qualifying adults, seniors, youth, children and families residing in Parkland County, City of Spruce Grove or Town of Stony Plain who experience low income.
- TLC Passes/Memberships are subsidized in two ways:
 - the TLC discounts the regular price of Passes & Memberships that are part of this program.
 - the Westview Health Centre Foundation (WHCF) makes one-time or ongoing contributions towards the cost of the Passes & Memberships that are part of this program.
- Approved applicants will receive a letter from the Westview Health Centre Foundation and must present this at the TLC Customer Experience Desk within 30 days of the letter's date of approval.
- The total subsidy amount approved will be at the discretion of the WHCF and will be provided as a 75% discount by the WHCF & the TLC.
- A 25% Customer contribution is required.
- Any approved applications are non-transferrable and must be used by the person(s) living in the approved household.
- Available TLC products are:
 - Multi Visit Pre-Paid Pass
 - One Month Pre-Paid Pass
 - Monthly Continuous Membership*
 - Pre-Paid Annual Membership**

Application Process

All Wishing You Wellness applications will be held in the strictest confidence.
